WHO'S WHO AMONG STUDENTS IN AMERICAN COLLEGES AND UNIVERSITIES

In order to be selected as a candidate for membership in Who's Who Among Students in American Colleges and Universities, a student must be an outstanding leader, scholar, citizen, and participant in both educational and extracurricular activities.

To be chosen for this honor a student is first recommended by the University and is then voted on by the national organization.

Congratulations To The Graduating Seniors*

*"Very ingenious presentation, sir.
But I have a practice to get going first."*

With M.O.N.Y. and Paul Patterson, you can do both!

I've found in dealing professionally with dentists almost exclusively, that until your practice really takes hold, it's often tough enough finding cash for the absolute necessities. Do you agree? If so, call your professional at MONY for details.

Bioblend® Teeth make any denture look more natural.

Bone-like enamel. Wrap around translucency. Internally blended color. These are just a few of the esthetic refinements which distinguish Bioblend from all other artificial teeth. The result: Bioblend Teeth are now being used more often for complete dentures than any other teeth in the world. *Any other!*

Available in porcelain or plastic.

and would welcome the opportunity to be of service to you.

WANTED: Graduates to start practices in hundreds of locations.

*Ask any
Litton Store
Manager
for details.
Call collect.*

Graduating Dental Students . . . we cordially invite you to come in soon and talk about the office where you will start your practice. Ask for help on important questions such as these: **Where to locate?** Let us show you the best places for new offices — ready when you are. **How to plan the office?** You'll want it functional, attractive, with the right equipment. We'll design it to your taste! **What about financing?** We offer two plans — either time purchase or long term leasing.

Litton Managers and their Representatives have helped thousands of graduates plan their first dental offices and become successful. And Litton keeps on helping you — with full service dental supplies and equipment — as your practice grows. Call us collect today.

Ask the Litton Manager near you to help plan your future!

In dental restorations any one of these qualities is almost always gained at some loss of the others. Our long experience and technical skills can help the dentist to balance these factors to the requirements of each of his patients.
